

Look at your teacher,
and pay attention.
That way your teacher
won't have to mention
To concentrate, and do
your best,
So you'll finish your
work, and pass each test.

Use your hands to
color or write.
Don't toss or throw,
hold your pencil tight.
Don't crumple your
paper, but do your
work well.
Keep hands to yourself
'til you hear the bell.

Listen closely when your
teacher asks
That you follow directions
and stick to your tasks.
If you do things right,
you may get a reward.
You could even earn a
Good Student Award.
